## Black Manta Group & BLU SWARM Group signed an MOU for comprehensive cooperation in asset Tokenization

**With signing a comprehensive Memorandum of Understanding on the 19th of July in 2019, both international groups lay the foundation for a strong and long-term cooperation with the focus on asset-tokenization of medium and large projects.**

BLACK MANTA Capital Partners S.à.r.l. Luxembourg, and BLU PRINT AG, Liechtenstein, member of BLU SWARM Group, focus on state-of-the-art tokenization projects in the regulated global segment of the security token.

BLU PRINT AG focuses on the tokenization of intellectual property rights as immaterial/intangible assets, which are delivered by affiliated BLU SWARM GLOBAL IP Manager. While BLACK MANTA offers *Tokenization as a Service* as a one-stop agency to third parties in selected asset classes like companies, commodities & real estate.

After signing the MOU, both partners are now working on a comprehensive cooperation agreement. One focus will be the tokenization of BLU SWARM's implementation projects from large IP Development Funds based on customized private contracting models with the IP-owners. Those BLU NODE Funds can cluster dozens or hundreds of IP-rights and achieve evaluations in the billion CHF range during their global rollout. One current example is the already contracted FLAVOREX IP Fund as a joint venture of Flavorex Life Science Group in Holland and BLU SWARM Group.

In the cause of those vast IP development Funds, multiple implementation projects are generated in form of proving and development sites, commercial lighthouse projects & huge global productive sites managed together with local partners.

BLACK MANTA and BLU SWARM plan to integrate their processes to best select and service those implementation projects on the state-of-the-art BLACK MANTA tokenizing platform.

Other parts of the cooperation may comprehend cooperation in both affiliate networks, sharing services and collaboration in other projects.
